Tonnage: <2.5 ton

Length: 7.5m (24 ft)
Width: 2.35m
Height: 3.63m
Inner Cabin Height: 2.36m
Capacity: <9 ton

POINTS TO TAKE NOTE

Not only is the size of the vehicle important, do also take note of the *weight* of the items.

If the items are too heavy, they cannot be loaded onto the vehicle as this may damage the suspension of the lorries.

Certain loading areas have a height limit and so the larger vehicles may not be able to fit into the area.

Do take note of the height clearance for your pick up and drop off point so that we can plan for the appropriate lorry to pick up your items

Types of truck available in KWE Singapore
