

GOING FASTER WITH KWE

Introducing: The Los Angeles Connection

With the expanded LAX Gateway Service, KWE provides a reliable and speedy route for all manner of goods from Asia to the Americas. With advanced confirmation, our customs brokers and operations staff can handle oversized and non-stackable cargo, using real-time tracking to ensure that your shipments get there faster with KWE. Restrictions apply; ask your local KWE representative for more info.

OUR GLOBAL PARTNERSHIPS

GREAT CAPACITY

LAX has more freight capacity throughput from Asia than any other airport within the U.S.A. and Mexico, making it the ideal gateway for your connection.

HIGH STABILITY

Our LAX branch boasts over 98% on-time performance rate for re-forwarding service to U.S.A. and Mexico destinations, with C-TPAT certified facilities and operations processes.

TOTAL CONTROL

Arriving shipments can be routed through additional transport modes for last-mile flexibility, and EDI connectivity gives you milestone visibility from load-in to pick-up.
