U.S. Customs & Border Protection (CBP) Free Webinars  
14 March 2025

## U.S. Customs & Border Protection (CBP) Free Webinars

The National Commodity Specialist Division, Office of Trade, within U.S. Customs & Border Protection (CBP), is holding a series of free webinars. CBP will be presenting the next round of approximately 30+ commodity-specific, educational webinars to support internal and external stakeholders. This year CBP intends to focus their webinars on **Balancing Fair Trade**: providing guidance to move forward in support of validation and enforcement protocols and facilitating legitimate trade.

Running March through September 2025, each webinar will commence at 1:30 PM EST and run for approximately one hour. CBP is now registering attendees for the webinars scheduled for March and will proceed with monthly registrations for the remaining webinars. CBP will be utilizing the WebEx Platform, which will provide a seamless experience for you and ensure external posting of the webinars to [CBP's Webinar page](#). Each webinar will have its own link to sign in.

Below is a sample of upcoming webinars in March and April, organized by commodity. We hope you will join in to learn more and participate in the exciting and successful webinar series!
