Israel Declares State of Emergency and War; International Flights Suspended, Cargo Services Uncertain

Israel have announced a 48-hour state of emergency and have declared war. As of October 9th, Europe, US, and Asia based carriers to and from Israel have suspended flights. The Israel Airports Authority has announced Tel Aviv and Ramon airport are to remain open. However, due to the uncertain developments, KWE may not be able to accept cargo to and from Israel.

The situation is being closely monitored by KWE to mitigate the impact on scheduling. Please refer to this page for further developments. For any further updates please contact your local sales representative.
